We want to hear your stories in 2022

We believe there is so much we can learn from each other. With tons of life experience, there is an inspiring story behind every Masters athlete. A story about hope, about overcoming barriers, about motivation, determination and most importantly about one's dream and decision to live life without limits.

This year we would like to use our platform to share those stories to lift the Masters spirit and remind ourselves we are capable of anything if we set our mind to it. Are we choosing to sit and wait for something to happen or do we embrace life by making the most out of every day and focus on the things that make us feel alive.

Let's inspire and be inspired!
